AMENDMENT

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

SIR:

Responsive to the Official Action of April 24, 2001, please amend the above-identified patent application as follows:

IN THE CLAIMS

A **clean copy** of the claim incorporating an amendment is shown below.

--38. (Once Amended) An insulated conductor for a high-voltage winding in an electric machine, comprising:

means for conducting an electrical current in said high-voltage winding,

41
means for electrically insulating said means for conducting, said means for electrically insulating having,

means for creating a first equipotential surface around said means for conducting,
